

Tree Fruit Insect Identification and Management Program

Tuesday, February 25, 2014

10:00 am

Rockingham County Agricultural Center
525 NC 65
Reidsville, NC 27320

Speaker: Dr. Jim Walgenbach, Extension Entomology Specialist NCSU

The first part of the program will focus on identification of insects that damage tree fruit crops such as stink bugs, aphids, scale and plum curculio. The second part will cover different management techniques for these insects. This program is for commercial fruit producers and gardeners.

For NC Private Pesticide Applicators, 2 hours of pesticide recertification credit has been approved by NCDA for subclasses X, N, O, and D.

Call Kathryn Holmes, Rockingham County Cooperative Extension Agent at 336-342-8230 for more information.

Persons with disabilities and persons with limited English proficiency may request accommodations to participate by contacting Mark Tucker Interim County Extension Director, by phone: 336-342-8230 or email: mark_tucker@ncsu.edu or fax: 336-342-8242, or in person at the Rockingham County Extension Office at least 10 days prior to the event. North Carolina State University and North Carolina A&T State University commit themselves to positive action to secure equal opportunity regardless of race, color, creed, national origin, religion, sex, age, veteran status, or disability. In addition, the two Universities welcome all persons without regard to sexual orientation.
